Our Mission Statement

AB and Sons Trucking was founded on the principles of honesty, integrity and professionalism. In this industry there are a lot of service providers popping up that are only interested in your hard earned money, they want you to sign 15+ page contracts stating that they now control you, your truck and your business.

Here at AB and Sons Trucking, we are in business to help America's supply chain get freight moved and to make you, the American truck driver successful, stay safe, compliant and profitable. I am not going to ask you to sign a binding contract or tell you what you can and cannot do. I represent you and am here to work for you. My passion for sales and dispatch led me to open this company. We will keep your truck full with good rates, get you paid faster and help your business grow on your terms and company visions.

Full transparency and communication is what we stand by, and our reputation and customer relationships speak for themselves on our ability to keep you moving and profitable. Our business follows all government regulations and we will never double broker or take advantage of our valued customers. We take great pride in our ethics and skill sets to keep trucks rolling and direct capacity to our customers.

On behalf of all of us here at AB and Sons Trucking, we would like to thank all of the hard working men and women out on the roads for their sacrifices that it takes to keep America moving. Without trucks, America stops. Thank you for all you do. We look forward to having you as a valued business partner.

Stay Safe, Stay Compliant and Stay Profitable!!
